KX5000

FULL DIGITAL VETERINARY ULTRASOUND SCANNER

KAI XIN

Research Center for Ultrasound Medical Application Engineering Technology of Jiangsu Province, China

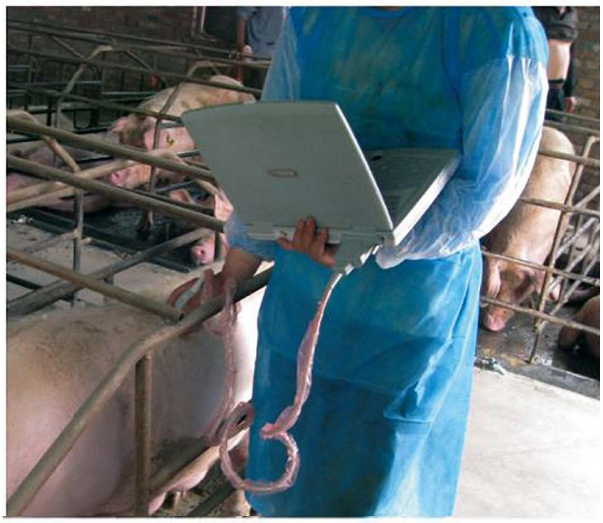

Parameter:

- Net weight：2.2kg.
- 10.4" High resolution color LED monitor, high brightness, high contrast, wide visual, LED back light, image clear and exquisite.
- With 2pcs Large capacity lithium battery(2700MAh), support 200 minutes working time.

Feature:

- Laptop, slim design, smart and light, convenient for carrying, easier for examining patients at home.
- Menu operation, support 5 customized languages: English, Spanish, Russian, French, Portuguese.
- 10 kinds of Magnification, maximum display depth is 236 mm.
- 100 frames permanent storage, 256 frames cine loop.
- OB measurement: EDD and GA for Bovine, equine, ovine, canine, feline, goat, swine and llama.
- General measurement, Cardiac measurements, Back fat and Lean percentage of swine.
- OB report function.
- USB port, support large capacity USB disk, and color laser printer directly print various image and reports.
- Dual-mode TV output：P A L/N T S C, connecting to thermal printer and ultrasonic working station.

6.5MHz multi-frequency linear rectal probe

6.5MHz multi-frequency micro-convex probe

3.5MHz multi-frequency convex probe

7.5MHz multi-frequency linear probe

Standard configuration：

Main unit: 1 pc
6.5MHz linear rectal probe and probe support : 1 pc for each
Power adapter: 1 pc
Internal Li-battery : 2 pcs
Metal case: 1pc
Battery Charger：1pc
